Canadian College of Naturopathic Medicine

Toronto, Ontario

The Canadian College of Naturopathic Medicine (CCNM) is Canada's premier institute for education and research in naturopathic medicine. CCNM offers a rigorous four-year, full-time naturopathic medicine program. CCNM is the only naturopathic college in Canada approved to grant degree. CCNM's Bachelor of Naturopathy is a post-university professional program requiring a Bachelor's degree for admission. We provide an intensive four-year program that includes more than 1,200 hours of clinical experience and involves more than 3,000 hours of classroom training. Our program covers three major areas of study: biomedical sciences, clinical sciences and naturopathic therapeutics. CCNM is an accredited member school of the Association of Accredited Naturopathic Medical Colleges. Our program is accredited by the Council on Naturopathic Medical Education (CNME), a programmatic accrediting agency for naturopathic medical education. The CNME accreditation enables CCNM students to write the Naturopathic Physicians Licensing Examinations (NPLEX), offered by the North American Board of Naturopathic Examiners (NABNE). Passage of the NPLEX is required for licensure in most regulated jurisdictions, including British Columbia, Alberta, Saskatchewan, Manitoba, Ontario, Nova Scotia and those states in the U.S. that regulate the practice of naturopathic medicine.

Welcome to Clarion University! Whether you are considering graduate study for career enhancement, academic advancement or intellectual growth, we're glad you're considering us. Take a close look at our programs, and we believe you will discover the academic excellence you seek at a cost that is surprisingly affordable. What's more, Clarion University offers a range of online graduate programs and courses through its Virtual Campus, enabling you to learn at times and places that work for you. In the 21st century, an advanced degree is a prerequisite for the most rewarding careers. A graduate degree from Clarion will enhance your intellectual and practical skills, and boost your marketability in a range of fast-growing career fields. It will also provide a solid academic foundation if you are seeking to enter a doctoral program. Qualified, caring faculty Graduate faculty members at Clarion draw upon a broad mix of academic expertise and professional experience in their teaching and research. Most graduate faculty hold doctorates, and have worked extensively in their fields. But most importantly, our faculty members enjoy teaching. You can count on establishing close relationships with them, with plenty of personal interaction and guidance through your program of study. Course delivery Some graduate programs are offered in a classroom setting, while others are delivered online. All online graduate courses and degree programs at Clarion meet the same curricular and instructional standards as those delivered on campus, and are taught by the same faculty currently teaching in the traditional classrooms. As a result, the degree you earn online offers the same quality and accreditation as a degree earned through the university's traditional on-campus programs.

IUP at Northpointe

<http://www.iup.edu/northpointe>

Freeport, PA

The Master of Business Administration, Executive Track program is designed to prepare you and other working professionals for upper-level management positions while you continue your full-time employment.

The Eberly College of Business and Information Technology is accredited by AACSB International— The Association to Advance Collegiate Schools of Business. AACSB International is the premier accrediting agency for collegiate business programs. Fewer than four hundred United States colleges and universities hold AACSB International accreditation. The program emphasis on strategic decision making in a changing global environment is designed to enhance your managerial, analytical, and decision making skills. Join a diverse network of students from various educational and professional backgrounds, including engineering, liberal arts, business, medicine, finance, education, health care, law, and social sciences.

The Master of Science in Health Services Administration degree consists of 36 credits. The Department of Nursing and Allied Health Professions will offer 18 credits, the Department of Employment and Labor Relations will offer 15, and students would also choose one three-credit elective from IUP courses that are appropriate for their needs and interests and meet the program objectives. Courses offered by the Employment and Labor Relations, Sociology, and Psychology departments might be of particular interest to students for this elective.

The Master in Health Services Administration would prepare students for a wide variety of leadership positions within health services organizations in not-for-profit, for-profit, and government settings. The role of a health services administrator includes the specialized application of employment relations knowledge, the improvement of individual and public health, and the improvement of health delivery systems. The program would provide students with an effective balance of coursework in health services, employee relations, and research methodology to enable them to excel in this role.
