Pitt's regional campuses at Bradford, Greensburg and Johnstown are collaborating in a Video Learning Initiative to increase the variety of course available to our students. Each semester, each campus will share two or three of its courses using the interactive television network (ITV). With the ITV technology, the instructor and students at one campus can be joined to groups of students at the other campuses. During class time, all participants will be able to interact with the instructor and each other. COURSEWEB will make it possible for students and instructor to continue their interaction outside of class. The shared courses are identified in the schedule as VLI courses.
