

## 25Live – A Guide to the Room Reservation System

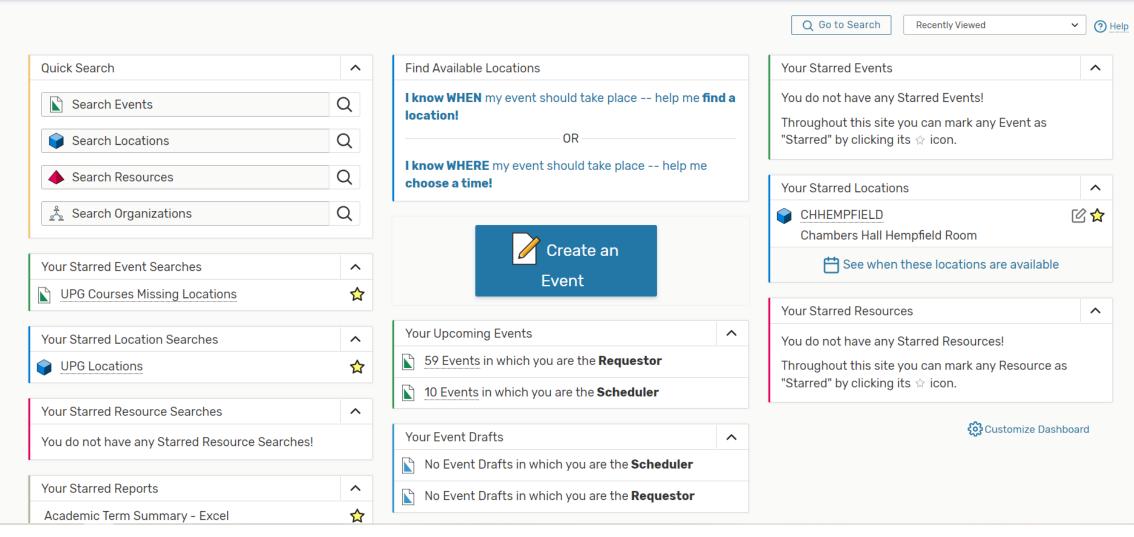

This Power Point is meant to assist users (at the Pitt Greensburg campus) with general questions about 25Live and will walk users through the process of submitting a space request.

https://www.greensburg.pitt.edu/faculty-staff/campus-services

-select Room Reservations

\*This is also where Maintenance requests, IT help tickets, and other campus service tickets can be submitted.

The most important page – here you can see your upcoming events, starred events/locations/searches, and create an event!

Notice the TWO Untitled tabs on the top left; it is easy to start creating an event and forget it is open. This can make it seem like a location is booked due to locations being "held" in one of the open tabs.
 Org Type – limited by Oakland so just pick the most appropriate option.
 Primary Org – we have over 85 orgs listed, all with a UPG affiliation; new ones can be added, just ask!
 Secondary Org – to be used if multiple groups are working together on an event.

**Repeating Pattern** – if your event has multiple dates, either in a pattern (Tuesdays for 5 weeks) or random dates (Nov. 6, 7, 16, 17) you would indicate that information here.

Manage Occurrences – if your event also has different times, you can make modifications to each date under the "Manage Occurrences" button. Example – Nov. 6, 7 are at 10am but 16, 17 are at 11am. This WILL impact your location search!

Location Search – If you have starred your favorite locations, you can have them *auto-load* (come up under starred locations). You can also *hide conflicts*, which will not show any unavailable spaces. *Enforcing the headcount* will also only show spaces that fit the number of attendees you indicated.
 All Pitt Greensburg spaces are under UPG Locations. You can use full name of the room or the building (Hempfield or Chambers; Powers 116 or just 116 – any rooms with the number 116 will come up). You can also type in the type of space you want (Computer Lab or classroom, for example)

Once you have completed all the required areas, you must review and agree to the Scheduling Policy. You can then save the event or create related events or copies of events. The event will be listed as TENTATIVE until approved. Currently, the information in 25Live does not leave the system. It is NOT sent to any of the campus calendars and only system admins can view comments or internal notes.

## **Helpful Hints and Reminders:**

Requests are reviewed on a daily basis (Monday-Friday, 9am-4pm) and in the order in which they are received.
 Users are encouraged to submit requests at least 24 hours in advance, as there is only one system admin reviewing requests.

In one semester over 300 space requests are submitted, in addition to changes that are requested.

Regarding changes or cancellations – they can only be made by a system admin.
Please email or call Sherra @ 724-836-7189 if you need any modifications to a request.

If you are trying to request space during finals week, do not assume that spaces are actually open.
 25Live is not able to have our unique schedule (if class meets X then final is at Y) reflected in the system.

Have additional hints or suggestions? Please send them to <u>upgspace@pitt.edu</u>; Feedback from users is appreciated!
