## undergraduate program

## Natural Sciences Area

39 credits<br>Bachelor of Science

The Natural Sciences Area option allows students to meet their individual education needs by developing a major based on courses from several departments within the Natural Sciences Division.

The selection of courses should reflect a theme or program that is developed in consultation with an Academic Advisor.

Choose from three of the following subject areas: Biology, Chemistry, Computer Science, Information Science, Mathematics, Natural Science, Physics, Statistics.

## Core Requirements

12 courses - 36 credits
To satisfy the requirements for a Natural Sciences Area major, students select one department in which they take five to six courses (15-18 credits) above the introductory courses for that department and three to four courses ( $8-12$ credits) in two other departments for a minimum total of 36 credits. An example of a program of studies for a student who chose Chemistry as the major department and Mathematics and Biological Sciences as the minor departments is shown below.

## Chemistry

CHEM 0250 Introductory Analytical Chemistry
CHEM 0260 Introductory Analytical Chemistry Laboratory
CHEM $0310 \quad$ Organic Chemistry 1
CHEM 0320
CHEM 0330
CHEM 0340
CHEM 1250
Organic Chemistry 2
Organic Chemistry 1 Lab
Organic Chemistry 2 Lab
Instrumental Analysis
Instrumental Analysis Laboratory

## Mathematics

MATH $0220 \quad$ Analytic Geometry and Calculus 1
MATH $0230 \quad$ Analytic Geometry and Calculus 2
MATH 0400 Discrete Mathematical Structures

## Biological Sciences

BIOSC $0070 \quad$ Foundations of Biology 1 Lab
BIOSC $0170 \quad$ Foundations of Biology 1
BIOSC $0080 \quad$ Foundations of Biology 2 Lab
BIOSC 0180 Foundations of Biology

## Other Required Course

ENGCMP 0030 or equivalent

## Additional Requirements $\mathbf{1}$ or $\mathbf{2}$ courses - $\mathbf{3}$ to $\mathbf{5}$ credits

After earning 90 credits, all Natural Sciences Area majors must take the research course(s) offered in their major area of concentration to fulfill the capstone course requirement.

Note: Courses used to fulfill general education competencies cannot be used for any of the three areas of the Natural Sciences Area major.
