- **Internship (company/your title):**

Scholar Athlete Sports Network via The Washington Center/Videographer Intern

- **How did you find your internship?**

I found my internship through a third-party organization, The Washington Center. They provided their database and helped me choose my internship.

- **What were your duties?**

During my internship, I was responsible for recording events and conducting interviews with players and coaches.

- **How many hours per week were you at your internship site?**

On average, I worked around 20 hours a week. However, due to there being more events some weeks than others, my hours were always fluctuating.

- **What did you enjoy most about your internship?**

The thing I enjoyed the most was the different locations and people that I had the pleasure of interacting with during my internship.

- **What was the most difficult aspect of the internship?**

The most difficult aspect was adapting to a new environment and with it a new field of work, which was new to me.

- **How did your experience at UPG and within your major prepare you for your internship?**

My major gave me the professional writing experience that I needed to prosper in my internship.

- **How has your internship prepared you for a career?**

This internship exposed me to a new field, which I can see myself in years down the line.

- **What recommendations do you have for other students about doing an internship?**

My recommendation is that other students should keep an open mind trying new things, especially career options, since you never know what you love until you try it for the first time.
