Pittsburgh
Greensburg

Nursing

Undergraduate Program

Faculty Contact Information:

Amy Shearer, PhD, RN
ams685@pitt.edu

greensburg.pitt.edu/academics/nursing

Clinical Placement Information:

Prior to graduation, students will complete over 900 clinical hours. Student placements include: UPMC, AHN, and a variety of local agencies. Adult Health, Pediatrics, Mental Health, Obstetrics and Community Health are clinical areas students learn about.

Student Experience:

"My experience in the nursing program at Pitt-Greensburg has been nothing but great. It is a field I have always wanted to pursue, and I am confident that I am receiving an excellent education and gaining valuable clinical experience. Being on a smaller campus has afforded me more personalized attention from my professors, which has greatly contributed to my progress in achieving my goal of obtaining a bachelor's degree in nursing from a highly ranked and rigorous program."

-Emely Gonzalez
Class of 2024

Welcome to our Pitt Nursing community, where students will develop the skills and knowledge that will prepare them for their future career!

Program Overview & Accreditation:

- The Bachelor of Science (BSN) in Nursing has become the degree of healthcare employers
- Pitt-Greensburg's nursing program is accredited by the Commission on Collegiate Nursing Education (CCNE) through the University of Pittsburgh's School of Nursing, which is consistently ranked among the top 15 nursing schools in the US by the US News and World Report
- The Greensburg campus follows the same curriculum as that in Oakland. You will graduate with a Bachelor of Science in Nursing degree from the University of Pittsburgh.
- Housed in the Life Science Building, the Pitt-Greensburg School of Nursing is now able to offer expanded lab and simulation experiences.
- Clinical experiences include a diverse range of opportunities conducted within numerous esteemed healthcare systems, both locally and within the city of Pittsburgh
- Graduates qualify to take the NCLEX and become a licensed Registered Nurse, with a BSN.

The Pitt School of Nursing is consistently ranked among the top nursing programs, both nationally and globally.

That attention to educational quality extends from the graduate programs through the undergraduate programs—and to Pitt-Greensburg's BSN program.
